

EMCFIX Pro (EMC Solutions based upon PMAFIX Pro sealing technology)

Based upon the **PMAFIX** series we have an extensive range of **EMC fittings** for various applications **EMCFIX**.

We would like to give you a quick insight into the availability of similar EMC solutions based upon the **PMAFIX Pro** series **EMCFIX Pro**.

philip.allington@pma.ch

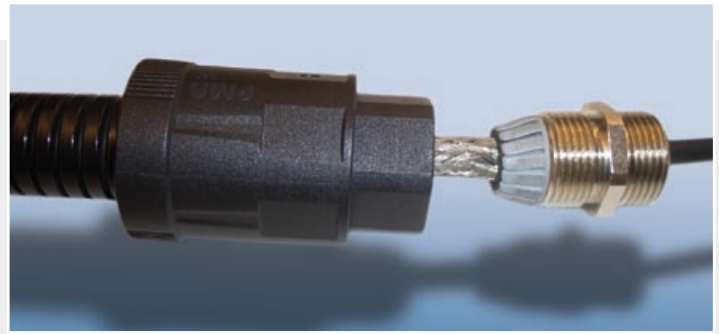

EMCFIX Pro connectors with a **Pflitsch (IRIS)** Strain relief element.

- All components necessary to produce **NKEZ-Mxxx/P** fittings analogue to the PMAFIX types NVEZ-Mxxx/P are available.
- Fittings can be supplied immediately.
- All components necessary to produce **NKEZ-Mxxx/P-L** fittings analogue to the PMAFIX types NVEZ-Mxxx/P-L are available.
- Fittings can be supplied immediately.

EMCFIX Pro connectors with **Jacob (Nautic)** Strain relief element .

- All components necessary to produce **NKEZ-Mxxx** fittings analogue to the PMAFIX types NVEZ-Mxxx are available.
- Fittings can be supplied immediately.
- All components necessary to produce **NKEZ-Pxxx** fittings analogue to the PMAFIX types NVEZ-Pxxx are available.
- Fittings can be supplied immediately.

EMCFIX Pro connectors with Jacob (Nautic) EMCFIX Pro solutions **BKIMH** and **BKEMH** analogue to **BVIMV** and **BVEMV** require new injection moulding tools but we will in the coming months invest the time and money to create **EMCFIX Pro** solutions here too.

The **HFAK EMC** connectors are designed for use in combination with any PMA fitting.

The PMAFIX Pro series is available with metric threads.

So the **HFAK-M** types can be used today with PMAFIX Pro male metal and polyamide thread fittings.
